Idea & Script Prompt Variants:

Prompt 1:

```
{  
  "prompt": "You are to write original quotes in the style of Stoic philosophers like Marcus Aurelius and Seneca, but NOT direct imitations or paraphrases."  
}
```

Prompt 2:

```
{  
  "prompt": "You are to write original stoic quotes inspired by philosophers like Marcus Aurelius and Seneca. Use a short narrative setup followed by a reflection."  
}
```

Prompt 3:

```
{  
  "prompt": "Write a single original stoic quote in the style of Marcus Aurelius or Seneca. Begin with a very short narrative hook (1-2 sentences), set in a specific context."  
}
```

Prompt 4:

```
{  
  "prompt": "Write a single original stoic quote in the style of Marcus Aurelius or Seneca. Begin with a very short narrative hook (1-2 sentences), set in a specific context."  
}
```

Prompt 5:

```
{  
  "prompt": "Write a single original stoic quote in the style of Marcus Aurelius or Seneca. Begin with a very short narrative hook (1-2 sentences), set in a specific context."  
}
```

Description Agent:

Based on the title of the shorts, keywords, Story & Quote write me a description for my youtube Video, it should be catchy:

```
Title:{{ $json.output.title }}
Story & Quote: {{ $json.output.story }}, {{ $json.output.quote }}
Keywords: {{ $('Video Information').item.json['Video Keywords'] }}
```

Do not give me anything else, no formatting nothing else, just description, max 30 words.

Video Title Code:

```
const rawTitle = $input.first().json['Video Title'];

const cleanTitle = rawTitle
  .toLowerCase()                // lowercase everything
  .replace(/['"]/g, '')         // remove apostrophes and quotes
  .replace(/^[^a-z0-9]+/g, '_') // replace non-alphanumeric chars with _
  .replace(/^_+|_+$/g, '');     // trim leading/trailing underscores

return {
  filename: `${cleanTitle}`
};
```
